

<p>4.2</p>	<p>The next Newsletter will contain some information on the project</p> <p>LTF Newsletter Newsletter should include the Water Week celebrations Pictures and input were received from Nicola and Denis The next Newsletter will have information on the projects of the Working Committee We will stick to the old format of a table for water quality data It will be finished in time for the Waterweek celebrations List achievements of 2007 The Draft should be ready for comments on 21 Feb 2008</p>	<p>FA</p> <p>FA</p>	
<p>4.3</p>	<p>Donations from Industries Latest outstanding invoices: Lethabo Power station, Omnia, Mines</p>		
<p>4.4</p>	<p>Bank Statements Current balance – R 31 892 Some service fees were paid and some interest was received Chairperson in this regard. NC and FA</p>		
<p>4.5</p>	<p>Water week celebrations LTF will be involved in handing our caps, waterbottles, and information packs containing posters, leaflets and brochures Thomas du Toit is prepared to give a presentation The demonstration of the Water and Waste will displayed (the one from the TechnoX)</p>	<p>MdF</p> <p>FA</p>	
<p>5.</p>	<p>Working committees Feedback</p>		
<p>5.1</p>	<p>Technical Committee Biomonitoring of the Leeuspruit and Taaiboschspruit in progress It was decided not to reinstate the Driefontein dam steering committee, but DWAF will strictly enforce discharge limits in terms of the three companies (Sasol Infrachem, Omnia and</p>	<p>RA</p> <p>PH</p>	

	<p>Karbochem) The Water Management Plans will also be revisited. A number of sewage overflows into the Taaibosch- and Leeuspruit were reported: Sasolburg/Leeuspruit transfer station, Latrim Pumpstation (electrical cables were stolen) High ammonia levels were measured in the Paddabaai area (possibility of Omnia coolingwater blowdown where the ammonia was overdosed could be the reason). Omnia is addressing the issue by upgrading their treatment plant, bigger holding dams and a Zero discharge initiative. DWAF was informed about the incident</p>
